

Double ended grinder for workshops and industry

1036561

Slibette Double-ended grinders - Slibette 6NE

Special grinder for grinding of arch support. Users are chiropodist.

The disc on the left hand side is a felt- or extract disk.

The drill chuck can be used for different grinding tools.

Pedestal is available as accessory.

This grinder can be made according to your request.

All Slibette machines are offered, against a small extra price, with motor brake and separate emergency stop. Spigot for extraction.
