

## **Drill grinding machine**

# 1533186

**PSD grinders w/ drill attachment - PSD 5**

### **KEF PSD 5 with drill grinding attachment**

KEF drill grinding attachments are based on a well-proven grinding method which always results in flawless and accurately ground drill points.

KEF attachments are pre-set for grinding twist drills, for drilling in steel and iron, with point angle 116-118 degrees and clearance angle 6-8 degrees.

The simplified design ensures that a wide range of different drill sizes can be ground without complicated and time-consuming re-setting.

Therefore, also unskilled operators can obtain good results.

## Product Specification

|                                   |              |
|-----------------------------------|--------------|
| Rpm                               | 2800         |
| Voltage                           | 3x400V-50 Hz |
| Motor (Watt)                      | 1100         |
| Wheel size, Grinding wheel (ø mm) | 200x38x20    |
| Drill grinder (mm)                | A 6 - 30     |
| Number of spindle speeds          | 1            |
| Bench model                       | 1            |
| Length (mm)                       | 890          |
| Width (mm)                        | 400          |
| Height (mm)                       | 520          |
| Weight                            | 37           |
