PSD grinders w/ drill attachment - PSD 5

KEF PSD 5 with drill grinding attachment

KEF drill grinding attachments are based on a well-proven grinding method which always results in flawless and accurately ground drill points.

KEF attachments are pre-set for grinding twist drills, for drilling in steel and iron, with point angle 116-118 degrees and clearance angle 6-8 degrees.

The simplified design ensures that a wide range of different drill sizes can be ground without complicated and time-consuming re-setting.

Therefore, also unskilled operators can obtain good results.

Product Specification

| | |
|--------------------------------------|--------------|
| Rpm | 3000 |
| Voltage | 3x400V-50 Hz |
| Motor (Watt) | 1100 |
| Wheel size, Grinding wheel (ø mm) | 200x38x20 |
| Drill grinder (mm) | A 6-30 |
| On pedestal with table and water cup | 1 |
| Length (mm) | 890 |
| Width (mm) | 400 |
| Height (mm) | 520 |
| Weight | 52 |
